Gregory J. Hartz
President
Tompkins Trust Company
Ithaca, New York 14850

Dear Mr. Hartz,

The Board of Directors of FISH are delighted to receive the Award for Excellence that Tompkins Trust. Company sponsors. We are appreciative of The Legacy Foundation of Tompkins County for administering this recognition of the service provided by FISH

Our volunteers drive approximately 400 Tompkins County residents to medical appointments each year and in the process log over 10,000 miles on their personal cars. Our clients are primarily low income and senior citizens who would otherwise have great difficulty in accessing medical care. FISH volunteers are truly remarkable and committed citizens and we are so pleased you have chosen to honor them.

Sincerely

Eleanor Carey Executive
Director, FISH
